

COMMERCIAL RENTAL PROPERTY BUSINESS LICENSE INFORMATION SHEET

Commercial rental property owners with one or more rental units are subject to apply for and obtain a Commercial Rental Property Business License under the City of Quesnel Business Regulation and Licensing Bylaw.

The application form requires you to identify all rental units you own per property. If you have MULTIPLE properties with rental units you complete one application form, obtain one business license, and pay an annual business license fee based on the total number of rental units on all properties listed on the application form.

If you occupy units within the buildings please identify them in the number of total units but do not count towards total rental units. In the below example, the property owner has 1 property with 2 buildings and a total of 3 units in the buildings, all are rented out.

Commercial rental property license fees: □

One unit = \$75

Ten or less units = \$100

11 or more units = \$150

Property (Each)	All civic addresses associated	Postal code	Number of buildings	Total number of units	Total units for rent
Example Property 1	100 City St 103 City St 105 City St	V2J 1A1	2	3	3
Property 1					
Property 2					
Property 3					
Property 4					
Property 5
