

## REQUEST FOR PROPOSALS

### Lhtako Dene Park Cultural Monuments and Benches

#### Addendum #2

**May 1, 2024**

- Is final landscaping of the grounds directly surrounding the monuments, signs and benches in the presumed scope of the successful bidder?

Yes, final landscaping directly surrounding the installations is in the scope of the successful bidder. All monuments and benches will sit on grass, so the final product will be restored to grass once the installation is complete.
