## **Infrastructure Master Plan**

### **ADDENDUM NO. 2 - Q & A**

**This Addendum is issued prior to the Closing Date, in accordance with the Request for Proposal Documents issued and shall be considered an integral part of the Contract Documents, read together with any Addenda previously issued and with all subsequent Addenda.**

1. Is the information complete/will survey of stormwater inverts be required?  
**There are gaps in the stormwater invert information and localized invert information may be required. Pipe sizes, materials, and date of installation information is available.**
2. Does the City have flow monitoring data and corresponding rainfall data available for the model calibration task for stormwater and sanitary systems?  
**No.**
3. Does the City have any recent traffic count data near the study areas they will be able to share with the successful proponent?  
**No.**
4. Do cover pages, divider pages, and appendices (including resumes), count toward the 40-page limit?  
**No to cover pages, no to divider pages and yes to appendices including resumes.**
5. You have provided a spreadsheet of the data for the sanitary manholes, including what data is missing. Do you have all or some data for the location and invert elevations for the storm manholes?  
**There are gaps in the stormwater invert information and localized invert information may be required.**
6. The City's online GIS mapping has linework for the pipe networks, how much data do you have regarding size, material, age, etc. of the pipe networks?  
**All size, material, and age information are available.**
