Accelerating Progress

Opportunities in Mass Timber

*Maik Gehloff*

# Mass Timber

- Heavy Timber
  - Timber Framing (mostly solid-sawn large x-sections)
  - Glulam (Glued-Laminated Timber) Post & Beam
- Mass Timber
  - Cross-Laminated Timber (CLT)
  - Glued-Laminated Timber (GLT)
  - Nail-Laminated Timber (NLT)
  - Dowel-Laminated Timber (DLT)
  - Laminated Veneer Lumber (LVL) and other large-dimensioned Structural Composite Lumber (SCL) products are part of a bigger classification known as 'mass timber' → CWC

# Mass Timber

- Heavy Timber

- Timber Framing (mostly solid-sawn large x-sections)
- Glulam (Glued-Laminated Timber) Post & Beam

- Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT)
- Nail-Laminated Timber (NLT)
- Dowel-Laminated Timber (DLT)
- Laminated Veneer Lumber (LVL) and other large-dimensioned Structural Composite Lumber (SCL) products are part of a bigger classification known as 'mass timber' → CWC

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT)
- Nail-Laminated Timber (NLT)
- Dowel-Laminated Timber (DLT)
- Laminated Veneer Lumber (LVL) and other large-dimensioned Structural Composite Lumber (SCL) products are part of a bigger classification known as 'mass timber' → CWC

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) **glued-laminated**
- Nail-Laminated Timber (NLT)
- Dowel-Laminated Timber (DLT)
- Laminated Veneer Lumber (LVL) and other large-dimensioned Structural Composite Lumber (SCL) products are part of a bigger classification known as 'mass timber' → CWC

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) glued-laminated
- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated
- Laminated Veneer Lumber (LVL) and other large-dimensioned Structural Composite Lumber (SCL) products are part of a bigger classification known as 'mass timber' → CWC

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) glued-laminated
- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated
- Laminated Veneer Lumber (LVL) and other large-dimensioned Structural Composite Lumber (SCL) products are part of a bigger classification known as 'mass timber' → CWC let's leave these alone

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) **glued-laminated**

- Nail-Laminated Timber (NLT) **mechanically-**
- Dowel-Laminated Timber (DLT) **laminated**

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) **glued-laminated**

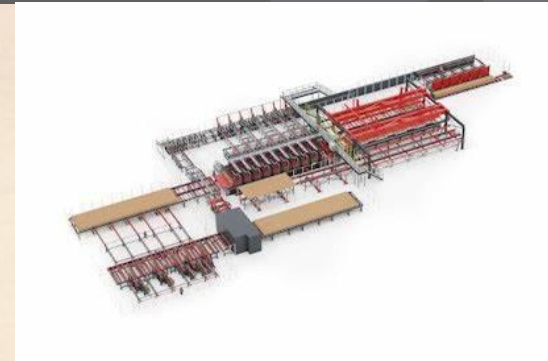

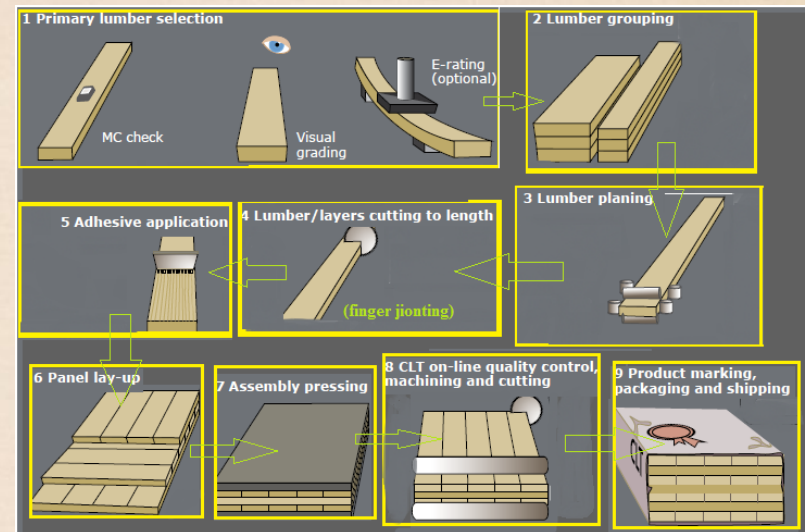

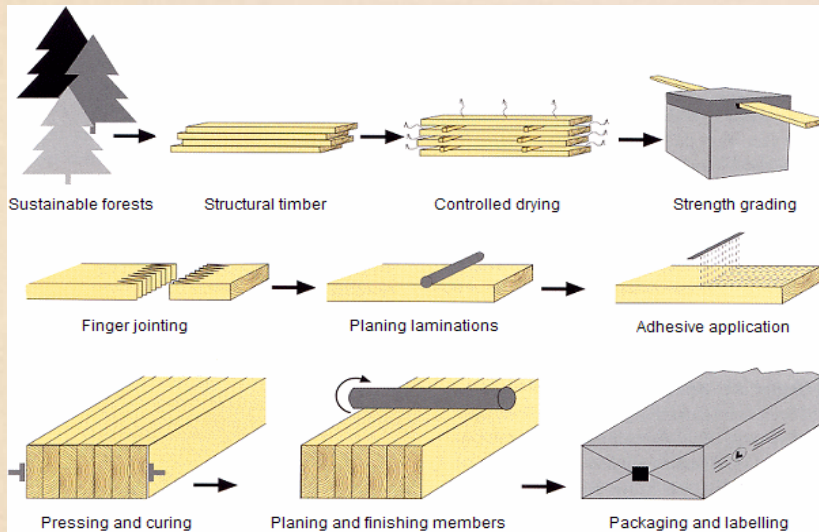

- Nail-Laminated Timber (NLT) **mechanically-laminated**
- Dowel-Laminated Timber (DLT) **laminated**

Opportunities

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) **glued-laminated**

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) **glued-laminated**

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) **glued-laminated**

# Mass Timber

- Cross-Laminated Timber (CLT)
- Glued-Laminated Timber (GLT) **glued-laminated**

**Certification  
Size of investment**

# Mass Timber

- Cross-Laminated Timber (CLT)
  - Glued-Laminated Timber (GLT)
- glued-laminated

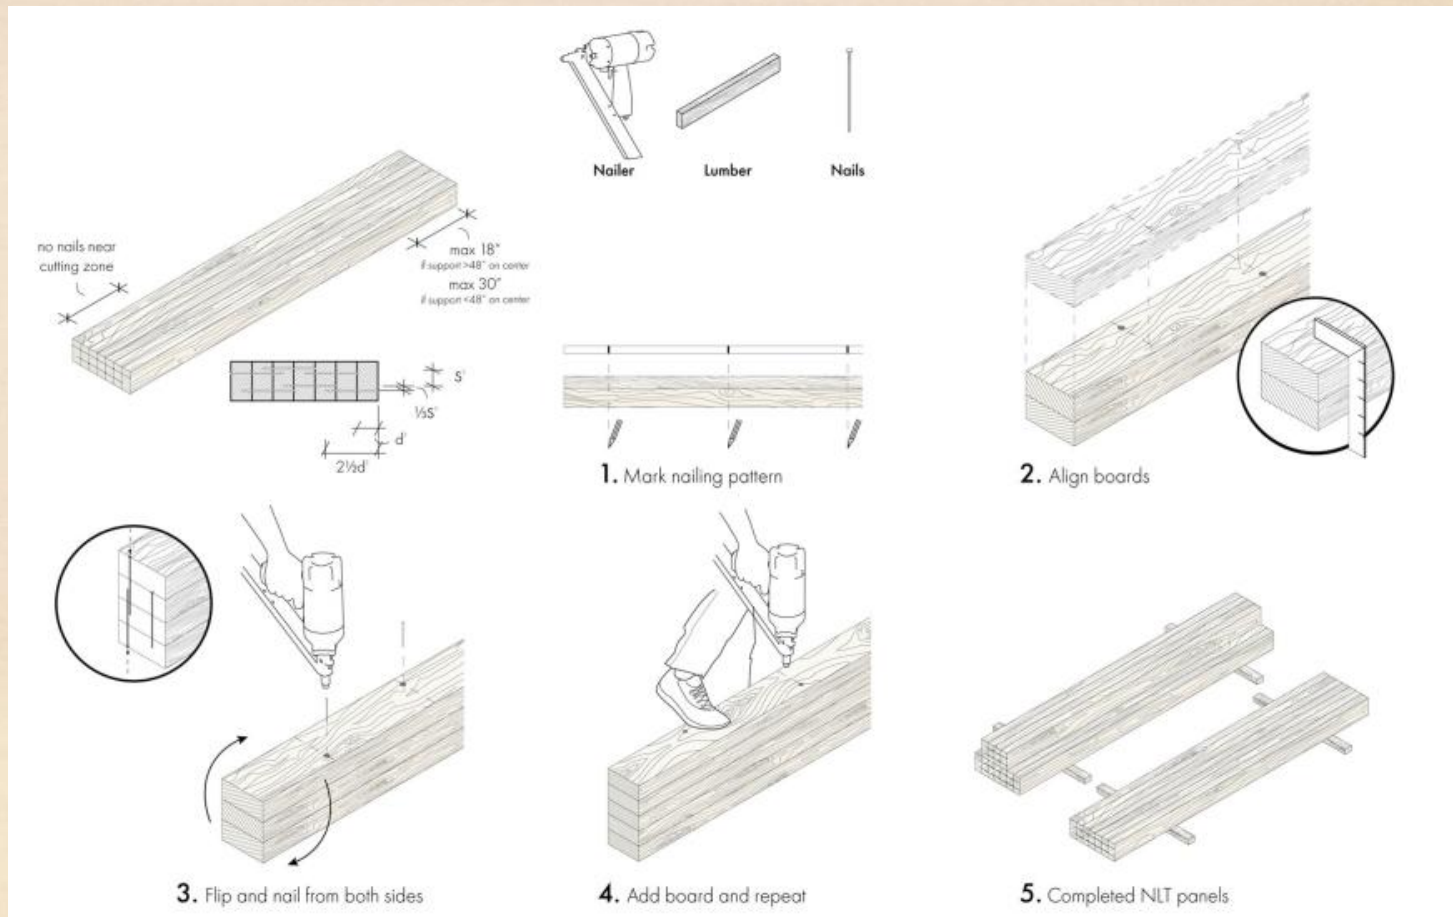

- Nail-Laminated Timber (NLT)
  - Dowel-Laminated Timber (DLT)
- mechanically-laminated

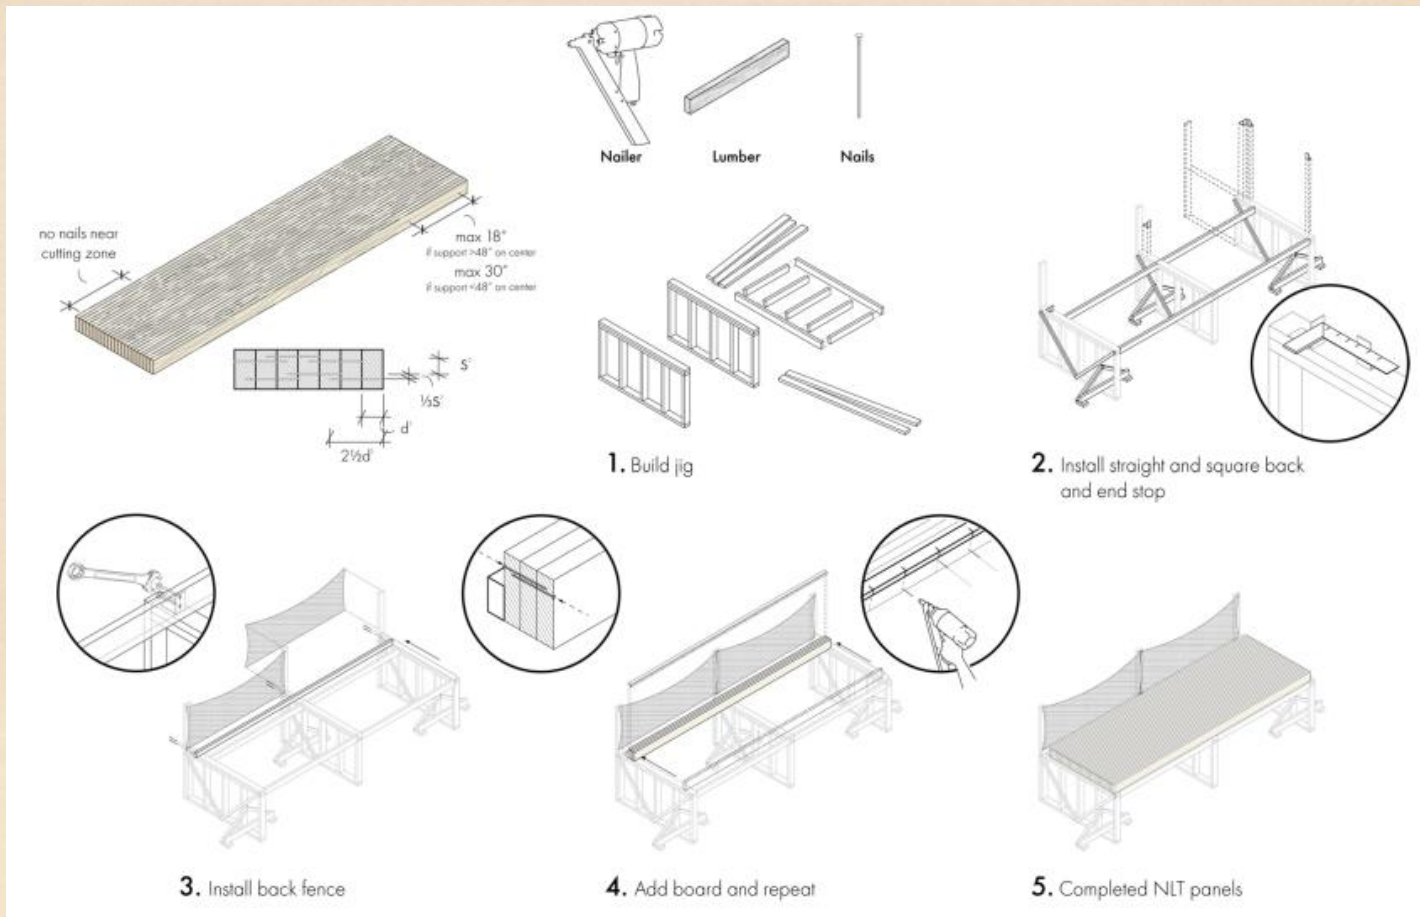

# Mass Timber

- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated

# Mass Timber

- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated

# Mass Timber

- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated

3. Install back fence

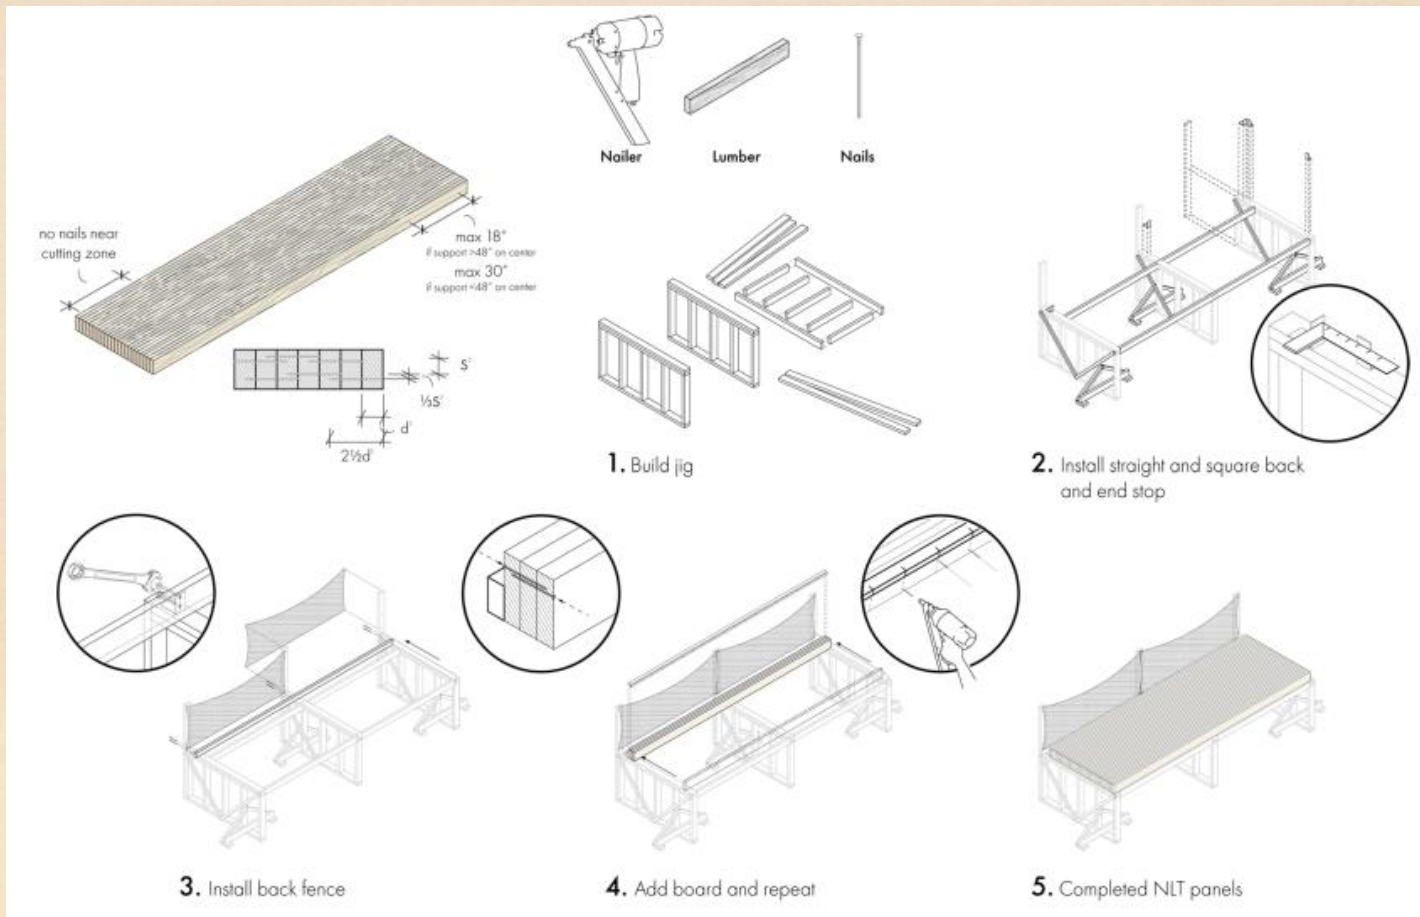

4. Add board and repeat

5. Completed NLT panels

# Mass Timber

- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated

# Mass Timber

- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated

# Mass Timber

- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated

# Mass Timber

- Nail-Laminated Timber (NLT) mechanically-
- Dowel-Laminated Timber (DLT) laminated

## CSA O125:23

### Mechanically laminated timber

### Production and qualification specifications

This is the first edition of CSA O125, *Mechanically laminated timber — Production and qualification specifications*.

This Standard is intended to provide initial qualification and ongoing production quality control requirements to ensure that mechanically laminated timber products, as defined in this Standard, possess the structural design properties specified in CSA O86; and the physical characteristics that will lead to satisfactory performance in service.

3. Install back fence

4. Add board and repeat

5. Completed NLT panels

# Mass Timber

- Cross-Laminated Timber (CLT)
  - Glued-Laminated Timber (GLT)
- glued-laminated

- Nail-Laminated Timber (NLT)
  - Dowel-Laminated Timber (DLT)
- mechanically-laminated

# Thank you
