Re: Development permit 100 Keis Avenue shop addition.

To whom it may concern;

Please consider this a justification letter as to why we will not be building
This addition with regards to the character guidelines.

This is a commercial building used as a truck shop. It is located well off the
Highway 97 corridor.

The addition will however be completed in an aesthetically pleasing manner
matching the existing and surrounding buildings.

Thank you for your understanding in this matter and please do not hesitate to
Contact me or stop by for a site visit.

Sincerely,

Colin Keis
Keis Trucking Ltd
