RE: 213 - 225 St. Laurent Blvd, Quesnel, BC Development Variance Permit Application

Hello City Council,

Please see the Development Variance Permit Application attached.

Shoppers Drug Mart corporate has a mandate to upgrade their storefront signage. As the Landlords, we are working with them to achieve their goal of improving the aesthetics of their storefront. By allowing this variance, we believe it will improve the aesthetics for their company, our building, the shopping plaza, and will generally be an improvement to the area.

If you have any questions or concerns on this, please contact the undersigned.

Kind Regards,

Jonathan Beck | Director of Property Management
